Tulsa King Season 3 In Season 3, as Dwight's empire expands, so do his enemies and the risks to his crew. Now, he faces his most dangerous adversaries in Tulsa yet: the Dunmires, a powerful old-money family that doesn't play by old-world rules, forcing Dwight to fight for everything he's built and protect his family." Jeremiah Dunmire, the patriarch of the family, will be portrayed by Robert Patrick, and his son Cole will be played by Beau Knapp. Paramount

Scary Movie Twenty-six years after the original massacre, Cindy, Brenda, Shorty, and Ray get dragged back into the chaos by a brand-new masked killer who clearly never learned when to quit. Marlon Wayans, Shawn Wayans, Anna Faris, and Regina Hall reunite, alongside returning favorites, for the wildly unhinged return to the franchise's original roots — where every target is fair game and every line gets crossed. Paramount

Mobland Season One Power is up for grabs as the Harrigans and Stevensons, two warring London crime families, clash in a kill-or-be-killed battle that threatens to topple empires and ruin lives. Caught in the crossfire is Harry Da Souza, the street-smart 'fixer' as dangerous as he is handsome, who knows too well where loyalties lie when opposing forces collide. As kingdom goes up against kingdom, lines will be crossed - and the only saving grace is a bet-your-life guarantee: family above everything. Paramount

Star Trek The Original Series 1960s science-fiction action-adventure series set in the 23rd century, Star Trek follows the crew of the U.S.S. Enterprise, representing the United Federation of Planets (including Earth) on a five-year mission in outer space to explore new worlds, seek out new life and new civilizations, and to boldly go where no one has gone before. The Enterprise is commanded by the handsome and brash American Captain James Tiberius "Jim" Kirk (William Shatner). Kirk is advised by his two closest friends: Commander Spock (Leonard Nimoy), the ship's half-human/half-Vulcan Science Officer and First/Executive Officer (second-in-command) from the planet Vulcan, and Dr Leonard H. "Bones" McCoy (DeForest Kelley), the American Chief Medical Officer. Spock, whose Vulcan last name is unpronounceable to humans, relies on logic to solve problems, while McCoy offers advice rooted in human emotion. Kirk balances the logic of Spock and the feelings of McCoy, using both perspectives in his decision-making. The trio are joined by a crew of approximately 430, including Asian-American helmsman Lieutenant Hikaru Kato Sulu (George Takei), Russian navigator Ensign Pavel Andreievich Chekov (Walter Koenig), Swahili communications officer Lieutenant Nyota Uhura (Nichelle Nichols), Scottish Chief Engineer Lieutenant Commander Montgomery "Scotty" Scott (James Doohan), Nurse Christine Chapel (Majel Barrett), and Yeoman Janice Rand (Grace Lee Whitney). Together, they confront strange alien races-both friendly and hostile-while exploring unknown worlds. Throughout the series, the Enterprise and her crew face alien adversaries, megalomaniacal computers, time paradoxes, psychotic murderers, and even the genetically engineered tyrant Khan Noonien Singh (Ricardo Montalban). The show became known for tackling hot-button issues of the 1960s-such as sex, war, God, religion, politics, racism, and the human condition-through the lens of a speculative future. The 79-episode television series (80 if including the unaired pilot The Cage (1966)), produced from 1966 to 1969, has since achieved cult status, creating iconic characters and a fan base that spans the globe. Paramount

Supergirl! When an unexpected and ruthless adversary strikes too close to home, Kara Zor-El, aka Supergirl, reluctantly joins forces with an unlikely companion on an epic, interstellar journey of vengeance and justice. Warner

Nadine Hairdresser Nadine Hightower (Kim Basinger) wants to retrieve the risqué photos she once posed for, but when she visits the photographer (Jerry Stiller) at his office, he's murdered by an intruder. Nadine talks her estranged husband, Vernon (Jeff Bridges), into going along when she returns to the office, where they stumble across plans for a less than legal construction project. But when Vernon tries to turn the documents into a cash windfall, he and Nadine are pursued by goons with guns.

The Saint 4K Based on the popular spy series, this film follows suave international thief Simon Templar (Val Kilmer), who is contracted by Russian oil magnate Ivan Tretiak (Rade Serbedzija) to steal a formula for cold fusion. So Templar, nicknamed "The Saint" because of his use of Roman Catholic saints as aliases, finds scientist Dr. Emma Russell (Elisabeth Shue), seduces her and steals the information. However, because the formula was incomplete, Tretiak now wants to kill Templar and kidnap Russell. Paramount

Enemy at the Gates 4K Vassili is a young Russian sharpshooter who becomes a legend when a savvy political officer makes him the hero of his propaganda campaign. Their friendship is threatened when both men fall in love with a beautiful female soldier. As the battle for the city rages, Vassili faces the ultimate challenge when the Nazi command dispatches its most elite marksman to hunt down and kill the man who has become the hope of all Russia. Paramount

Landman Season 2 Monty Miller passes away, leaving his wife Cami (Demi Moore) as the sole owner of M-Tex Oil. Tommy Norris (Billy Bob Thornton) steps in as president, inheriting a massive financial mess and a \$420 million legal dispute over a troubled gas project. Cartel boss Gallino exerts hidden leverage over Tommy and M-Tex by secretly backing new wells drilled by Tommy's son, Cooper. The Norris family deals with the death of the family matriarch, the arrival of Tommy's estranged father T.L. (Sam Elliott), and Cooper fighting off legal charges after defending his fiancée Ariana. The season ends with Tommy out at M-Tex, new business ventures taking shape, and the stage set for Season 3. Paramount

Bad Counselors Two frat bros must become church bros, fast. After one wild night ends in handcuffs and a campus police escort, two best friends are slapped with 120 hours of community service due in two weeks, or they're expelled. Their genius plan? Pose as counselors at a local Christian youth camp, where every sing along, campfire devotional, and trust fall counts toward the clock. Just one problem (okay, three): they don't like kids, they hate camping, and they have barely set foot in a church. Now they'll have to learn the lingo, fake the faith, and hide the flask all while dodging suspicious pastors, prankster campers and the cutest co-ed counselors they've ever seen. Can two party boys lie their way to redemption? Or will their house of half-truths come crashing down before the closing bonfire? Either way, they'd better start praying for a hedge of protection. Fathom

Stop That Train STOP! THAT! TRAIN! follows best friends Tess (Ginger Minj) and DeeDee (Jujubee), train stewardesses who trade their dreary shifts on the Stank Rail for the glitzy Glamazonian Express. When a catastrophic "Stormaganza" threatens to derail the high-speed train and crash it into Los Angeles, the duo in coach must join forces with the snobby first class attendants (Symone, Brooke Lynn Hytes, Marcia Marcia Marcia) and President Gagwell (RuPaul) to save the day in this wild ride of camp and comedy. BENEFITS OF LASER THERAPY

- Non-surgical treatment
- Pain Free
- Extremely safe with No Known Side Effects
- Rapid result
- Speeds healing process
- Drug Free
- Affordable

Dr. Ken Krimpelbein D.C. Is a leader in MLS Laser Therapy. We are the Exclusive National Trainers of MLS Laser Therapy in North America, having trained hundreds of offices including: Orthopedic Surgeons, MD's, Radiologists, Podiatrists, Chiropractors and other specialties.

MLS Laser Therapy is an effective, painless treatment for all types of pain relief that has been cleared by the FDA and proven successful as evidenced by extensive and credible research studies conducted in our country's finest institutions, including Harvard Medical School.

Our laser is a dual-wave synchronized fully robotic MLS Laser. Our laser uses specific wavelengths of light that have a strong anti-inflammatory, anti-edema effect on tissues that are exposed to the laser. As a result of the MLS Laser, the cells of tendons, ligaments and muscles repair themselves faster. In simple terms, laser energy kick-starts the healing process, thereby speeding recovery. No matter if you have long standing pain from prior surgery, injury, arthritis, or you have a new injury MLS Laser Therapy has been proven to work.
